## **How do direct and third party bookings compare**

Direct Website gives the highest average revenue (\$898.90).

Corporate and Phone average around \$872 and \$869.

OTA (third-party) has the lowest average revenue (\$869.04) because of commissions.

Bookings from our own website make more money. We should encourage customers to book directly through our website instead of external apps.

| Row Labels     | Average of Gross_Re' | Count of Record_ID |

# **Management Recommendations and action plan**

- 1. Boost Direct Bookings: Focus on our website (Direct Website) because it brings the highest revenue per booking (\$898.90) and save OTA commissions.**
- 2. Reward High-Value Guests: Provide special VIP treatment and loyalty rewards for the High Value segment (\$885.98 average).**
- 3. Focus on Top Room Types: Keep maintaining Family rooms (highest total nights) and Deluxe rooms (highest rating of 3.82).**
- 4. Balance Seasonal Income: Create special offers and discounts during slower months (like September) to maintain steady cash flow all year round.**
